

Digital Photo Editing

WRAL TV Fountain

- ◆ Insert a photo into a Word document.
- ◆ Use Picasa and Paint to organize, edit, resize, crop, repair, retouch and enhance your digital photos, as well as email them.
- ◆ Learn the difference between a .jpg and a .bmp file extension. Save your received images to a folder or send out as email attachments.

Cut, copy, and paste between different application programs like Word or Paint.

Slideshows are fun things to do with your pictures on the computer and you can burn the photos as a CD gift to be sent to a friend or family member.

THINGS TO DO WITH DIGITAL PHOTOS

Create a photo history/scrapbook of your organization!

Save the memories.

Record an event, like a house move. Show the old and new home. Inventory the items.
Example: baskets

Smile & Say Cheese!
You do not need to own a digital camera to take the SeniorNet Photo Editing course.
